

Index, The Chemist 1965

Volume XLII, January to December, inclusive

Issues of THE CHEMIST are numbered 1 to 12, beginning with January. After each item, the issue number is given, followed by a comma and the page number. Multiple references for the same item are separated by semicolons. (Thus 1, 6; 5, 17, would be January, page 6 and May, page 17.)

Information pertaining largely to THE AMERICAN INSTITUTE OF CHEMISTS is listed first, for the convenience of AIC members. Other material is listed alphabetically, immediately following the AIC listings. Books and publications are shown in *italics*.
